Morné Augustyn

Product, Implementation & Commercial Growth Leader

South African

EXECUTIVE PROFILE

Product, implementation and commercial leader with more than 12 years of experience across fintech, payments, SaaS, HR technology, e-commerce and software development. Combines product discovery and enterprise implementation with international market entry, commercial growth and hands-on operational leadership. Has built products, opened new markets, onboarded enterprise clients, designed commercial models and led multidisciplinary teams.

PROFESSIONAL EXPERIENCE

VP of Ecosystems

JUN 2025 – PRESENT

Zeam · stablecoin-powered payments and cross-border remittance

- Led Zeam's expansion from a four-country consumer remittance application into a broader B2B stablecoin and payments platform.
- Built and commercialised the Global Business Account, treasury product and OTC desk, enabling businesses to hold, exchange and move currencies internationally.
- Expanded off-ramp coverage from four to approximately 100 countries, with on-ramp and funding capabilities across approximately 60.
- Grew the cross-functional organisation from two to approximately 30 people across product, sales, partnerships and customer success.
- Built the VASP, payment, liquidity, mobile-money and payout ecosystem, securing partnerships involving SnapScan, Flash, M-Pesa, Thunes, Onafriq and Yellow Card.
- Developed a white-label consumer remittance product for confidential enterprise partners and supported Zeam's growth to approximately US\$3 million in annual recurring revenue.

Founder & Fractional Executive

OCT 2023 – PRESENT

Sutera · operator-led advisory providing fractional product, commercial and operational leadership to fintech, SaaS and technology companies

Delivered through Sutera on a fractional or advisory basis; several ran concurrently rather than consecutively.

Advisor · Finvoke	JUN 2025 – PRESENT
- Advises on partnership development, sales strategy and commercial growth. - Secured strategic partnerships with Startup Club ZA and The Open Letter, establishing Finvoke as Startup Club ZA's principal sponsor. - Introduced additional SME clients and continues to support the founders in a reduced advisory capacity.

SUTERA MANDATES (CONTINUED)

Fractional Product & Go-to-Market Specialist · Yoco MAR – SEP 2025

- Led Yoco's Botswana market entry from opportunity assessment through pilot, launch and operational handover.
- Structured the Access Bank Botswana partnership and co-designed the commercial model, regulatory approach and go-to-market strategy.
- Created and validated a low-friction merchant onboarding model, established local sales capability and handed continued growth to the Botswana team.

Fractional Chief Revenue Officer · Happy Pay JAN 2024 – JUN 2025

- Led a three-person sales team and the company's commercial growth strategy.
- Increased monthly GMV from R175,000 to R15 million, roughly 86x growth, lifting monthly platform revenue from about R8,750 to R750,000 at a 5% take rate.
- Supported investor meetings for a US\$6 million Series A raise at an approximate US\$35 million valuation.

Fractional Head of Operations · Plumm Q4 2024 – Q1 2025

- Established operating foundations for a UK HR, payroll and employee-wellbeing technology platform.
- Designed the commercial model, standardised commercial contracts and built internal HR, sales and project-management processes.
- Led a seven-person team during the six-month engagement.

General Manager · Decision Management Solutions, now Blue Polaris 2023 – 2024

- Established the operational presence of an IBM-focused decision-management, AI and business-automation consultancy in South Africa and India.
- Built both teams from zero, recruiting approximately 30 employees across the two markets.
- Established the operating foundations required to deliver enterprise engagements.

Advisor · Finovate & Hire Just Now 2023 – 2025

- Advised Finovate on its UK market-entry and go-to-market strategy.
- Helped create Hire Just Now and established its initial commercial model and sales strategy.
- Laid the foundations supporting growth to approximately 500 employees under employer-of-record management within two years.

Head of Operations → General Manager 2021 – JAN 2024

Methys Digital · software development and digital delivery

- Promoted from Head of Operations to General Manager after two years, with company-wide responsibility for P&L, operations, sales, software delivery, hiring and HR.
- Led a multidisciplinary organisation of 30 to 40 people across software development, project management, business analysis, design and HR.
- Tripled monthly revenue from approximately R2 million to R6 million during the year as General Manager.
- Led a major migration of internal project-management systems and delivery platforms, improving delivery speed, operational efficiency and profitability.
- Oversaw major digital engagements for IDS Protect and the EU-funded ENRICH in Africa Digital Backbone, connecting African startups with investors, incubators and accelerators.

Head of Business Development & Product Manager

2019 – 2021

Warp Development · enterprise e-commerce and software delivery

- Dual role: signed and onboarded enterprise software clients and owned commercial relationships and client profitability, while acting as Product Manager on delivery.
- Product Manager for two major back-to-school e-commerce projects, Office National and Waltons, leading product discovery, user-journey mapping, requirements definition, prioritisation and coordination with development teams.
- Designed customer journeys allowing parents to select their school and grade, automatically populate the required stationery basket and choose delivery or collection.
- Launched the Office National platform, which remains operational; also signed and worked with Tafelberg Furnishers.

Head of Business Development

2018 – 2019

SmartFunder · payroll-based school-fee employee benefit

- Led employer acquisition for a benefit allowing employees to pay school fees through salary deductions, working alongside one director in a two-person sales function.
- Signed, onboarded and project-managed corporate clients including Momentum, Cell C and Investec, working directly with their HR, payroll and leadership teams.

Sales Executive → Area Manager

2015 – 2018

→ Country Sales Manager

Kibo Connect · fibre connectivity and IT infrastructure

- Promoted twice on performance, from Sales Executive to Area Manager and then Country Sales Manager, ultimately leading a 10-person national sales team.
- Developed a business-park acquisition strategy in the Western Cape that secured entire commercial precincts rather than individual tenants; the model was rolled out nationally.

Graduate DC Manager

JAN – DEC 2014

Shoptite Checkers · graduate management programme

- Rotated through distribution centres, buying, replenishment and head-office operations, building an end-to-end understanding of retail supply chains and commercial operations.

ENTREPRENEURIAL EXPERIENCE

Founder & Director

SEP 2016 – PRESENT

Basilei · confectionery manufacturing and retail

- Co-founded and built a bootstrapped South African confectionery manufacturing and retail business without external funding.
- Led business development, commercial strategy and growth, scaling the company to approximately R10 million in annual revenue within a four-director leadership structure.
